

Thank you for being a Workplace Partner!

Campaign Steps

- 1 Request and/or prepare a **donation box** and **posters** as you require for your workplace campaign.
- 2 Collect **used mobile phones and tablets** from coworkers until October 31, 2026 and encourage them to **consider a charitable donation** to fund the purchase of phone plans.
- 3 In early November, **GEO Nova Scotia** will work with you to arrange for a pick up or delivery of the donated devices to our partner, **Dr. Phone Fix**.
- 4 Dr. Phone Fix will **securely** wipe them, refresh them, and recycle anything that is no longer useful.
- 5 GEO Nova Scotia will distribute them to **people in need** through our network of 130+ partners

Posters, draft emails to coworkers, and other printed material can be downloaded [here](#) or emailed to you on request.
