We're proud to be a Workplace Partner for GEO Nova Scotia's Digital Inclusion Drive this October!

Together, we can help close the digital divide in Nova Scotia. You can help by donating a gently used phone or tablet, or by making a charitable donation to help fund a phone plan. Both help Nova Scotians stay connected to the people and services they rely on.

We're proud to be a Workplace Partner for GEO Nova Scotia's Digital Inclusion Drive! Throughout October, you can drop off your gently used phones and tablets at our office at **[office address]**. Your donated device could help a fellow Nova Scotian stay connected to the people and services they need.

For many Nova Scotians, a phone or tablet is a way to access healthcare, look for work, stay connected with family and use essential services. That's why we're proud to be a Workplace Partner for GEO Nova Scotia's Digital Inclusion Drive.

We're doing our part by collecting gently used phones and tablets throughout October.

If you'd like to learn more, or donate directly to help fund a phone plan:

We're proud to take part in GEO Nova Scotia's Digital Inclusion Drive this October.

As a Workplace Partner, we're collecting gently used phones and tablets to help more Nova Scotians access the technology they need for everyday life.

Want to learn more? Check out the drive and other work being done by GEO to help close the digital divide:
